In July this year I will receive my Bachelors degree in International Business from Nanjing University, and I would like to be considered for the post. I believe I could do satisfactory work for your company because both my education and work experience have been in line with the duties you outlined in your ad. As a result of my excellence in my study, I have been awarded best prizes in my university every year. Although my major is concerned with Business, I have indulged myself in acquiring all kinds of knowledge and I am particularly interested in English and Computer technologies. I have already passed CET-4 and CET-6 with excellent results and I am quite skillful in the use of computers. Besides, I have also taken an active part in social practice so as to keep in touch with the current society and gain some working experiences. I have worked for two summers as an English interpreter at some travel services and I have gained some part-time working experiences in some IT company in Zhujiang Road, "a silicon valley" of Nanjing. I think my experience will be of benefit to my future career. I would deeply appreciate a chance to join your company because your company is well-known in the world. I will be pleased if you think that I am qualified for further considerations and I will be available for an interview any time at your convenience.

Y 可以根据iPod 将本题定位于文章第五段，本题是这一段大意的概括。 4. NG 文章第八段提到了中国公司准备推出数字阅读器，但题目中的信息文中却未提及。 5. Sony (Company) 本题是细节理解题，解题依据为第四段第一句"Sony is the first major player to take advantage of the technology."该句中的the technology指的是上一段中的the "digital ink" technology。 6. classics that have gone off copyright for free 本题是细节理解题，根据Sony, Reader以及search the Web可定位于第七段的最后一句"...and readers will have to search the Web on their own to get classics that have gone off copyright for free." 7. e-mail wirelessly 本题是细节理解题，根据公司名称快速浏览搜寻，定位于第九段第二句"...that can receive books, news, or e-mail wirelessly." 8.
