考试大收集 Lifelong learning is the concept that "Its never too soon or too late for learning", a philosophy that has taken root in a whole host of different organisations. Lifelong learning is attitudinal. that one can and should be open to new ideas, decisions, skills or behaviours. Lifelong learning throws the axiom "You cant teach an old dog new tricks" out the door. Lifelong learning sees citizens provided with learning opportunities at all ages and in numerous contexts: at work, at home and through leisure activities, not just through formal channels such as school and higher education. Lifelong education is a form of pedagogy often accomplished through distance learning or e-learning, continuing education, homeschooling or correspondence courses. It also includes postgraduate programmes for those who want to improve their qualifications, bring their skills up to date or retrain for a new line of

work. Internal corporate training has similar goals, with the concept of lifelong learning used by organisations to promote a more dynamic employee base, better able to react in an agile manner to a rapidly changing climate. In later life, especially in retirement, continued learning takes diverse forms, crossing traditional academic bounds and including recreational activities.百考试题收集整理 更多信息请访问:百考试题GMAT网, 百考试题GMAT论坛 100Test 下载频道开通, 各类考试题目直接下载。详细请访问 www.100test.com
