A Well, I would love to talk about my little girlfriend ' s iPod, a trendy mp3 player, which I would always take along with me wherever I go. Though it is an mp3 player I seldom use it to listen to music , but to something called a Podcast, which basically it is a kind of “ radio ” program broadcasting on the web. There are so many different programs, about culture, news, politics and even language learning. I am particularly fascinated by the free educational resources it provides. Now I have French, German and Japanese learning programs on my iPod . Given me some time, I am pretty sure I can speak some French, German or Japanese or at least some daily phrases. In a word, iPod is special to me not only because it can accompany me wherever I go just like my girlfriend, but also because it is a new technology that I have greatly benefited in language learning . 相关链接：1月雅思考试网友机经汇总月刊百考试题特别推荐雅思新手入门指导 2009年4月雅思考试最新
