A : Why are you interested in working with this company ? B : I am interested in working with your company because I know yours is one of the largest computer companies in our country (province, city) 。 My major in the university is computer programming, so I wish to have the opportunity to apply my knowledge here.

A : Do you choose this company on account of high pay (or remuneration) ? B : No, not only for high pay (remuneration) , but also for a good working environment. As far as I know, working in a Sino-foreign joint venture calls for punctuality and responsibility. It is such a working environment that I am looking for.

A : Have you applied for a similiar post to any other company ? B : Yes, I ' ve also applied to Global Huada Company Ltd. a Sina-American joint venture, in case I may not be accepted here.

A : What is the result of your application to that company ? B : They ' ve turned me down.

A : What ' s the reason why you failed to get the post ? B : My domicile isn ' t in this city and they needed a local resident. That ' s the sole reason for my failure to get the post.

A : If you are employed by both companies, whose offer will you accept ? B : Needless to say, my first choice is your company. 100Test 下载频道
