My View on Plastic Surgery In recent years, more and more people, especially some young girls choose to take plastic surgeries. Some people argue that this kind of surgery can improve one's appearance, thus secure a good job. Others hold a different opinion, they consider plastic surgery as a waste of money. Personally, I agree with the latter. Firstly, beauty is only skin-deep, as the saying goes, virtue is more important than appearance. Plastic surgery cannot improve one's character. Who do you think is more popular, an ordinary girl with charming personality, or a beautiful girl with arrogant manner? Secondly, success relies on one's abilities but not appearance. Some people, especially young girls dream to find a good job after taking plastic surgery. For example, it takes one at least 30,000 Yuan to have double eyelid. Fourthly, people have to bear the risks of an unsuccessful surgery which will be a lifelong pain. All in all, it is not advisable for people to take plastic surgeries. We can get

what we want by improving our inner qualities, such as our personality and ability, and there is no need to endure the pains and economic loss of a plastic surgery. 好词佳句总结：Beauty is only skin-deep, as the saying goes 就像俗语所说的那样，外在美不过是表面现象 bear the risks 承担风险 competent and well-trained people 有真才实学的人 arrogant 傲慢的，自大的 must 作名词使用 e.g. His new novel is a must for all lovers of crime fiction
