I took part in an English speaking contest. And that was my very first time I delivered speech in the public. The title of my speech was “ Globalization ” . I prepared it for nearly a week, I recited it very well before the contest. The moment I walked to the stage I felt dizzy by the spotlight and I took a deep breath to felt more calm. I started to deliver my speech with loud voice and some kind of gesture. I still remember clearly that the audiences and the judges were smiling at me. But when I still left one paragraph to finish the speech, blank hit my mind, I could not remember one word, I was anxious and almost cry, and the embarrassment lasted for nearly one minute! I made up some sentences to finish it. But the audiences still gave me warm applause. I got the second prize that time.3Traffic jam什么时候，在什么地方遭遇了堵车你对堵车有什么评价，想法As you know, China has

largest population in the world. It is hard for us to avoid meeting a traffic jam. I still remember last week, I went shopping with my friends, we took a taxi in order to save time.(从严格意义上来说，这是几个小短句，不能这样直接一句句写，但是口语表达中是可以的) However, when we arrived HuaYuan Road, I found that it was impossible for any car to move an inch. There were lots of cars stayed stable on the road, some people looked through the car ' s window and murmured against the damn traffic jam. For everybody, traffic jam is really a troublesome. no body wants to waste time on the way. In my opinion, traffic jam is almost an insolvable problem, because the road system is hard to keep up with the expanding population and private cars.

4Advertisement

1. 你接受过什么样的advice
2. 什么人通常给别人advice
3. 你通过这个advice做了什么
如何才能让年轻人更好的接受advice
先描述自己看过的广告，然后再说自己对广告的评价。但是广告比较难以描写，所以尽量避开，多说自己对广告的看法

To be frank, I like watching advertisement. You must be surprised, because few people like watching advertisement, especially the boys who are enjoy an exciting basketball game in front of the TV. But I like watching advertisements, like cars advertisement, ice cream advertisements and some other attractive advertisements with beautiful pictures. Furthermore, when I go shopping in the supermarket, I can easily to buy my stuff, because those advertisements that I have watched are just the consult. You know, there are various stuff in the supermarket, without advertisements, it is hard to choose the one you need. However, it is hard to say advertising is good. Some

advertisement doesn't tell you the truth of the product, which is misleading to our customs. Sometimes, I bought something which is not as good as the advertisement said.

5 Historical place

Full name, country, house, your living.

Why do people go to historical place? What's your country's most historical place? How do you think people should pay for enter those place or not?

这个话题一定和“旅游的地方”是可以重合在一起的，之需要准备一个就可以了。但是如果遇到题目是“自然风光”那还是老老实实再准备一个吧

It is very important and essential for people to know their countries history, because to know about the history is not only the way that people learn from the past but also one way to improve and develop themselves. As China is such a historical country, it has many historical places. I have been to many places like that, today I walk to share with you the story about Yuefei Shrine. Yuefei was a tycoon in Song dynasty. He was very brave to helped killed many enemies. His statue was at the front side, the visitors all burned joss sticks for him to show the respect. But Qinkuai, which was a rebel of the country, kneeled down, the visitors spitted on him to show the hatred. so you see, people who made efforts for the country will remember by others forever, but who had done bad things for country will hated by others forever. When I came back from Yuefei Shrine, I realized more about I should contribute a lot for others, not for being remembered forever but for peoples life or study can get better.

6 儿歌什么歌，这歌对你有什么意义

歌曲并不是重点，重点是关于这首歌的一些事情，回忆也好，意义也好，都可以说

Children's song is one of the most important parts of peoples

childhood life. They represent the pure heart of the children, some songs are full of imagination and favored by them. When I was a kid, I also liked listening and singing children's songs. The song I love most was Plant Sun, which was written by a peasant for the birthday present of his daughter. The main content was, "I have a beautiful dream. I want to plant suns when I grow up. I will hang one sun in the Arctic Ocean, one in the South Pole, and one at night. Then the world will full of warm and brightness." I liked sing this song over and over again at that time. I was fascinated by the imagination and the singers beautiful voice. There are also many other good songs, every time I remembered them I couldnt help to humming. That can get me away from this complex adult world to pursue the pure dreams I used to have. The children in nowadays are more lucky than us because they have more and more childrens songs to enjoy. We believe that grow up in this harmonious society, they will thrive and be stronger.7什么运动对健康有好处可以说说什么运动 , 这个运动的好处 , 以及自己训练以后的效果There are lots of ways to help us to keep fit, like doing excise, eating organic food. Everybody thinks that doing excise is the best way to keep fit. As a famous saying goes: " excise makes healthy. " In my opinion, Yogi is a good choice to our health. I began doing Yogo last summer, it is different from jogging or playing basketball, which only requires the strength, however, Yogo requires your body condition, like flexibility. At first, it was hard for me to get used to it. Slowly, I can finish most of the training. From then on, I ate little, became thinner, and felt more comfortable. If anybody wants to keep fit and lose

weight, I think I will recommend the Yogo.8gift9journey10你想学但是现在没学的东西I am a college student, my major is***. As this world is such a dog-eat-dog world, people must learn how to show themselves. The ability of organize and deliver information are very important. In the USA, the way of presidential election is make speeches. We can see that every president of the US are great speechmakers. Barak Obama, the president of the US, is not only an outstanding leader, a great decision maker, but also a splendid speechmaker. He can deliver his methods to the American people effectively, to make encourage them, to let the American people believe in him. And the famous inaugural speech "YES WE CAN" gave American people such huge encouragement, also showed the world the confidence of changing the US. So to be a good speechmaker is with might doubled. I hope I can learn this course soon.11law12letter13internetBy the internet, our business communication is very convenient. We do not have to travel far distance to contact with the partner. Our problems can be dealt with through some e-mails. On-line meeting save our time and money. On-line searching is a helpful assistant, which enrich our knowledge. Internet makes our life colorful and various. We can kill time in front of the screen, to watch films or play computer games. But internet also brings some bad effects. For example, criminals make use of the

internet to cheat innocent people buying false products, then stealing their account number and code. And some ones even kidnap the teenagers by the internet. So people must be aware of the potential crisis of the internet.14最近读的书15Cook谁，为啥很会做饭，关于做饭是否有一段故事When I was required to describe a cook for you, the first person comes to my mind is myself. When I was a teenager, my parents were too busy to cook for me. They just gave me money to have lunch and dinner in the restaurant. However, the food served there were not as good as my mom cooked. Sometimes, I refused to have dinner in the restaurant, but I cannot bear starving, then I decided to cook by myself. I still remember the first time I cooked, I had no idea about when to put the dress, whether the food was still fresh or squashy. I just made them cooked. It must be disgusting, but I felt that it was the most delicious food in the world. After several years practice, I can cook lots kind of yummy food. Although my parents are not as busy as before, I always cook for them.16TV program17家人谁？和你的关系？他的性格？他对你的影响？最好是和老人，崇拜的人，都准备同一个人。万变不离其宗18儿童时代的游戏When I was a child, I seldom had time to play games with my friends, because my parents always asked me to recite the poems. For me, my favorite game was my friends and I playing together just like a family. You may feel puzzled. let me explain it for you. One of us would acted as the father in the family, one acted as the mother, the rest acted as their children. We cooked, cleaned the house, and even quarreled like the true family. I found that all the children whose parents were seldom at home were fond of

this game. Maybe it reflected that we need more attention from our parents.¹⁹change in the future自己现在是什么样的，缺乏什么，然后将来期望能有什么改变。这样的改变能有什么好处With the fast development of the society, the world is ever-changing. People can even hardly recognize their hometowns after they return back from other places for even one or two years. There are many science fiction Hollywood movies talk about the changes in the future, which grab the audiences eyeballs. We all hope this world to change in some ways. There are so many wars in this world, so my first wish is there will be no wars in the future. As the Guantanamo Bay has been closed, I wish that all the countries withdrawal troops to banish the wars and threatens. Second, I wish there will be no terrorism, no hatred in this world. People live in harmony and peace. Third, I wish that there will be no starvation, no poverty in this world, thus the Somalia pirates will disappear forever. Fourth, I wish that human rights are in every country, people respect each other for real. If all of these changes can be made, we really create a harmonious world. We need to do our best to fight for these changes.²⁰通过电话得知的好消息谁，什么时候，告诉你了什么，为什么对你来说是个好消息as summary, I got a good news through telephone. You can borrow 2 or 3 books each time. And you can just keep them for only one month. If you want to lengthen time, you must fill an application form. If not, you will be fined.
