you are allowed 30 minutes to write a short essay on the topic Academic plagiarizing. You should write at least 150 words following the outline given below in Chinese: 1.当前，有很多学术抄袭现象 2.学术抄袭的危害 我要高分 3.怎样杜绝学术抄袭 When reading newspaper or surfing the Internet, we are often attracted by the news or reports about academic plagiarizing. It is reported that a large number of researchers copy others' academic achievements directly and some students cheat when writing their papers. There are, however, several demerits which never can we turn a blind eye to. First and foremost, it goes without saying that this cheating behavior impairs the protection of intellectual property rights. Secondly, it does great harm to the cultivation of qualified talents. Dishonest graduates can hardly be trusted. Even worse, students who cheat in academy will be punished. For instance, Li Ming, one of my closest friends, was expelled from college and deprived of the bachelor's degree. In views of the seriousness of this problem, effective measures must be taken before things get worse. First, it is essential that laws and regulations should be worked out and enforced stringently to prohibit cheating in academy. Second, students and researchers should enhance their awareness of innovation. With these measures taken, it is reasonable for us to believe that the problem will be solved in the near future. (187)
