Direction: For this part, you are allowed 30 minutes to write a short essay on the topic Self-employment. You should write at least 150 words following the outline given below in Chinese: 1.大学生自主创业已经很普遍 2.大学生自主创业的好处 我要高分 3.我的看法

Recently, self-employment has become a popular idea among youngsters, college graduates in particular. Owing to favorable policies, a large number of graduates launch their own business as the starting line of career. Furthermore, some successful examples have already been reported in the newspapers and Internet. Admittedly, there are several advantages for graduates to become self-employed. Firstly, the current intense competition for jobs can be eased to a large extent. Besides, it is apparent that young people can broaden their horizon in this process. Even if unsuccessful, they can learn from their failure and enrich their experience. Lastly, the hardship in self-employment enables graduates to be more diligent, which will be of tremendous benefits to their career in the society. As modern college students, not only should we get a good command of professional knowledge, but also make a clear and reasonable plan for our future career. Personally, I intend to establish my own business after graduation. I am convinced that being self-employed can contribute a lot to my personal development. (170 words)
