According to Kim Johnson Gross, co-founder of Chic Simple Ltd, men shouldn't be afraid of color but should embrace it. They should experiment even if it's just with shirt colors. Kim and I discussed this topic and we came up with several tips men need to know about wearing color. 一个有品位的男人应该知道如何挑选衣服的颜色。Kim Johnson Gross声称男人应该不要害怕亮色而应该接受它。他们应该从T恤的颜色开始学起。下面是一些关于男人需要知道的挑选衣服颜色的小贴士：1. Especially wear color in summer 夏季最适合穿彩色衣服 我要收藏 Summer is such a festive time of year. Light and bright colors are de rigeur. So I advise you to choose a color that is your signature color for the season and one that enhances your natural skin and hair tone。夏季时一年中喜庆的季节。简单明亮的颜色是最时尚的。所以我建议你选择与季节合适，能提亮你的肤色，且与你的发型相称的颜色。2. Stay away from beige colored shirts 远离米色的衬衣 Beige is a bad color for shirts or any article that is around the face. It is rarely a good color for someone. I don't know why designers continue to push this color on us. Just don't succumb to the pressure。无论是米色的衬衣还是米色的围巾之类的，都是一个错误的选择。真的很少有人适合米色。我不知道为什么设计师还要坚持为我们设计米色的衣服，总之不要接受这种强加的意志去选择米色。3. French

blue is always a good choice 法国蓝总是不错的选择 French blue, which is a rich medium blue, is a flattering color for most skin tones. It makes a great dress shirt, which is mainly where you will find this sumptuous hue。 法国蓝，是一种鲜艳的半蓝色，是众多衬衣的偏爱色调。你会发现，这是一种豪华的色调，它使得一件衬衣华丽不已。 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
