Project Integration Management
(Level of difficulty: 10/10) Project Integration Management (Level
of difficulty: 10/10) - the toughest topic since it includes all
knowledge areas. Take note! Project Plan Development - Take note
of question like what is the purpose of a project plan? - Who develop
the project plan? Project Plan Execution - Take note most project
funds spent here Integrated Change Control - who complete the
lessons learnt? - who control the change? 100Test
