Inside the largest of the six Imperial Star Destroyer, Darth Vader sat alone in a small spherical room. A single shaft of light gleamed on his black helmet as he sat motionless in his raised meditation chamber. As General Veers approached, the sphere opened slowly, the upper half lifting like a jagged-toothed mechanical jaw. To Veers, the dark figure seated inside the mouthlike cocoon hardly seemed alive, though a powerful aura of sheer evil emanated from him, sending a chilling fear through the officer. Uncertain of his own courage, Veers took a step forward. He had a message to deliver but felt prepared to wait for hours if necessary rather than disturb Vader ' s meditation. But Vader spoke immediately. "What is it, Veers?" "My lord," the general replied, choosing each word with care, "the fleet has moved out of light-speed. Com-Scan has detected an energy field protecting an area of the sixth planet in the Hoth system. The field is strong enough to deflect any bombardment." Vader stood, rising to his full two-meter height, his cloak swaying against the floor. "So, the Rebel scum are alerted to our presence." Furious, he clenched his black-gloved hands into fists. "Admiral Ozzel came out of light-speed too close to the system." "He felt surprise was a wiser"

"He ' s as clumsy as he is stupid," Vader cut in, breathing heavily. "A clean bombardment is impossible through their energy field. Prepare your troops for a surface attack." With military precision, General Veers turned and marched out of the meditation room, leaving behind an enraged Darth Vader. Alone in the chamber, Vader activated a large viewscreen that showed a brightly lit image of his Star Destroyer ' s vast bridge. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
