1. The following appeared in a memorandum from the head of a human resources department at a major automobile manufacturing company to the companys managers: “ Studies have found that employees of not-for-profit organizations and charities are often more highly motivated than employees of for-profit corporations to perform well at work when their performance is not being monitored or evaluated. Interviews with employees of not-for-profit organizations suggest that the reason for their greater motivation is the belief that their work helps to improve society. Because they believe in the importance of their work, they have personal reasons to perform well, even when no financial reward is present. Thus, if our corporation began donating a significant portion of its profits to humanitarian causes, our employees ’ motivation and productivity

would increase substantially and our overall profits would increase as well. ” 2. The following appeared in an editorial from a magazine produced by an organization dedicated to environmental protection:

“ In order to effectively reduce the amount of environmental damage that industrial manufacturing plants cause, those who manage the plants must be aware of the specific amount and types of damage caused by each of their various manufacturing processes. However, few corporations have enough financial incentive to monitor this information. In order to guarantee that corporations reduce the damage caused by their plants, the federal government should require every corporation to produce detailed annual reports on the environmental impact of their manufacturing process, and the government should impose stiff financial penalties for failure to produce these reports. ” 3. The following appeared in a

memorandum from the information technology department of a major advertising firm: “ The more efficient a firm ’ s employees are, the more profitable that firm will be. Improvements in a firm ’ s information technology hardware and software are a proven way to increase the efficiency of employees who do the majority of their work on computers. Therefore, if our firm invests in the most powerful and advanced information technology available, employee productivity will be maximized. This strategy ensures that every dollar spent on enhanced information technology will help to increase our firm ’ s profit margins. ” 4. The following appeared as part of an article in a health club trade publication: “ After experiencing a decline in usage by its members, Healthy Heart fitness

center built an indoor pool. Since usage did not increase significantly, it appears that health club managers should adopt another approach lowering membership fees rather than installing expensive new features.” 2010年10月GMAT作文题目更新情况来看，GMAT作文题库还是保持贴近社会现实的固有特点。2010年10月GMAT作文题库，是准备参加2011年GMAT考试考生务必需要了解的。考生可以结合GMAT作文题库，根据自身特点，有选择性的运用在复习当中。相关推荐：[2010年下半年GMAT机经汇总](#) [盘点2011年GMAT考试最新动态](#) [2011年GMAT报考指南、考试大纲](#) [GMAT考试技巧心得、备考经验谈](#) [GMAT考试最新模拟试题抢先体验!](#) 更多信息进入：[GMAT考试交流空间!](#) [GMAT考试试题库!](#) 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
