- 1 Employees should keep their private lives and personal activities as separate as possible from the workplace.
- 2 Public figures should avoid expressing opinions about things that they have not personally experienced or been directly affected by.
- 3 “The most effective way for a businessperson to maximize profits over a long period of time is to follow the highest standards of ethics.”
- 4 In order to preserve the national security, governments have authorities to keep some information.
- 5 “Employers should have no right to obtain information about their employees’ health or other aspects of their personal lives without the employees’ permission.”
- 6 The rise of multinational corporations is leading to global homogeneity. Because people everywhere are beginning to want the same products and services, regional differences are rapidly disappearing.
- 7 “With the increasing emphasis on a global economy and international cooperation, people need to understand that their role as citizens of the world is more important than their role as citizens of a particular country.”
- 8 All groups and organizations should function as teams in which everyone makes decisions and shares responsibilities and duties. Giving one person central authority and responsibility for a project or task is not an

effective way to get work done. ” 9 surveillance cameras should set on the street to help the official 阻止law break 的行为 10

Everywhere, it seems, there are clear and positive signs that people are becoming more respectful of one another ' s differences. ” 相关
