原题：The following appeared as part of a plan proposed by an executive of the Easy Credit Company to the president: “ The Easy Credit Company would gain an advantage over competing credit card services if we were to donate a portion of the proceeds from the use of our cards to a well-known environmental organization in exchange for the use of its symbol or logo on our card. Since a recent poll shows that a large percentage of the public is concerned about environmental issues, this policy would attract new customers, increase use among existing customers, and enable us to charge interest rates that are higher than the lowest ones available. ”

17、company X的personnel director做了个survey，survey表明员工最想改善的是communication with management，director就说公司有个由high-level management conduct的communication sessions，所以这个improvement已经made了 [v2]Company X通过一项调查表明，什么什么被改

善了。这由于本公司开展的 communication session, 员工自愿参加。 The following appeared in a memorandum from the director of human resources to the executive officers of Company X:

“ Last year, we surveyed our employees on improvements needed at Company X by having them rank, in order of importance, the issues presented in a list of possible improvements. Improved communications between employees and management was consistently ranked as the issue of highest importance by the employees who responded to the survey. As you know, we have since instituted regular communications sessions conducted by high-level management, which the employees can attend on a voluntary basis. Therefore, it is likely that most employees at Company X now feel that the improvement most needed at the company has been made. ” 相关推荐 :
