的ARGUMENT范文，我们来一起赏析，看看它为何能scored six（先读文章，再看我的点评）The following appeared as part of an article in a daily newspaper: "Most companies would agree that as the risk of physical injury occurring on the job increases, the wages paid to employees should also increase. Hence it makes financial sense for employers to make the workplace safer: they could thus reduce their payroll expenses and save money." Discuss how well reasoned you find this argument. In your discussion be sure to analyze the line of reasoning and the use of evidence in the argument. For example, you may need to consider what questionable assumptions underlie the thinking and what alternative explanations or counterexamples might weaken the conclusion. You can also discuss what sort of evidence would strengthen or refute the argument, what changes in the argument would make it more logically sound, and what, if anything, would help you better evaluate

its conclusion. 首段 This argument states that it makes financial sense for employers to make the workplace safer because by making the workplace safer then lower wages could be paid to employees. This conclusion is based on the premise that as the list of physical injury increases, the wages paid to employees should also increase. However, there are several assumptions that may not necessarily apply to this argument. For example, the costs associated with making the workplace safe must outweigh the increased payroll expenses due to hazardous conditions. Also, one must look at the plausability of improving the work environment. And finally, because most companies agree that as the risk of injury increases so will wages doesn ' t necessarily mean that the all companies which have hazardous work environments agree. 相关推荐
