Text 1 China is already the world's largest TV maker. It has started moving into China to supply the local market with household goods. Now those same companies are getting into the Chinese market.

Galanz started making microwaves and selling them for half the price of imported ones.

Galanz is the world's largest TV maker. It sells its branded TVs in the United States, and has set up factories in Mexico to service the American market.

While TCL, another Chinese company, has a market share of 20% in the United States, Galanz has a market share of 70%.
