https://www.100test.com/kao_ti2020/643/2021_2022_2009_E5_B9_B410_E6_c7_643825.htm 原题：An increase in production of consumer goods results in damage of the natural environment. What are the causes and possible solutions? 首先理解consumer goods. 结合柯林斯Consumer goods are items bought by people for their own use, rather than by businesses. 此题为环境问题类别，并且采用报告结构。可以参考02年06年考过的题目：Many people believe that the human society has developed into a throw-away society, which is filled with plastic bags and rubbish. What are the causes and solutions?来源：考试大的美女编辑们 解题思路：日用消费品生产增加导致了环境污染？东西生产出来了而且造成污染，我觉得主要还是在于到了消费者的手里之后发生的变化。1) 第一点原因：百考试题论坛 lower awareness of waste issues--- tend to dispose wastes whenever and wherever they consider convenient--- aggravate the pollution 人们环保意识不高，随意扔垃圾，会造成污染。如何论证：举例子口香糖随地乱扔 To be more specific, throwing chewing gum arbitrarily may cause eternal pollution. Detail: Sidewalk pollution Seeing a piece of chewing gum, few people will pick that up. A majority of people just step on it, causing it to stick to the sidewalk or someone's shoe, eventually leading to a sidewalk of pollution right under your own feet How to handle this problem? Follow the example of Singapore that enforced stricter rules regulating the discharging of refuse. 2) 第二点原因：Lack qualified staff who can cope with the processing of

certain poisonous materials in consumer goods, which may eventually cause natural contamination. 缺乏可以处理污染源的专业人士。百考试题 - 全国最大教育类网站([www . Examda . com](http://www.Examda.com)) 如何论证：举例子 For example, to gut a fridge one needs to remove the foam first and capture ozone-depleting gases for which old fridges are notorious. However, the problem is that most people in the recycling business, except those in developed countries, don ' t know how to tackle it. How to handle this problem 背景：There are proper automated processes for further recycling in Europe. 所以可以建议欧洲国家做如下两件事 1)assist people in developing countries get familiar with the processing procedure/ provide more applicable devices 2)Stop exporting their own waste problems to disadvantaged countries because of the lack of equivalent treatment standards there. 以上第二点原因和解决方法笔者参考了Beijing Review 第52期中的文章Waste Not。笔者建议大家可以在课后多多关注一些时事杂志，里面有很多相关问题的原因探讨和解决方法。相关推荐：雅思写作评分标准及考生应试策略 如何走出雅思写作(学术类)常见误区 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
