作 : The Advantages and Disadvantages of Cell Phones Nowadays,

with the rapid development of society and technology, cell phones are playing a significant part in our daily life and work. They have

become our important tools to communicate with each other. I cant imagine what will happen if we suddenly lose them. But merits and

demerits usually exist together. Generally, the strong points can be

listed as follows. First, it is convenient for people to contact each other by phone. Whenever it is and wherever you are, you can communicate with the person you want to talk to. If you want to save money, you can also send short messages to achieve the same purpose. Secondly, thanks to cell phones, we don't have to look for phone boxes everywhere. thus much time can be saved. We don't need to worry whether we can respond to our friends immediately. But advantages usually go hand in hand with disadvantages. For example, we sometimes lose freedom and our leisure time because of its ring. Every time we are out on vacation the ring will disturb us. Even worse, when we use cell phones, we can't avoid being exposed to the radiation from them. It is harmful to our health for the frequent exposition will cause brain cancer. To conclude, whether favorable or unfavorable, the trend that cell phones are becoming more and more popular is irreversible in at least a few decades ahead. Therefore, some steps should be taken to reduce their weak points to a minimum. 套路2 It is difficult to escape the influence of _____ (所讨论的主题). If you fit the statistical averages, _____ (对此所耗费的时间或精力). But like everything else, Internet is a mixed blessing. Generally, the merits of _____ (所讨论的主题) can be listed as follows. First, _____ (第一个好处) Whats more, _____ (第二个好处) Most important of all, _____ (第三个好处) However, advantages usually go hand in hand with disadvantages. Firstly, we cannot turn a blind eye to

_____ (第一个坏处) Besides, we cannot turn a deaf ear to _____ (第二个坏处) Now the conclusion is self-evident. The benefits of _____ (所讨论的主题) outweigh their dangers. Actually, whether helpful or harmful, the trend that Internet will exert an important influence on our ways of thinking and life styles cannot be stopped. We need to make full use of the merits of _____ (所讨论的主题) and minimize their demerits. 习作 The Advantages and Disadvantages of Internet It is difficult to escape the influence of Internet. If you fit the statistical averages, you spend about two hours a day surfing on Internet. It seems that Internet enriches our daily life. But like everything else, Internet is a mixed blessing. Generally, the merits of Internet can be listed as follows. First, with Internet, we can be well informed of what has happened home and abroad and thus our horizons are broadened. Whats more, Internet serves people and corporations well. There is a trend that more and more people go shopping online instead of going to shops. Also, many large corporations are doing business through Internet and this saves them much time and effort needed when they do business in traditional ways. Most important of all, Internet has shortened the distance between people. It is not a dream that the world is becoming a global village. We can communicate by email or chat online. However, advantages usually go hand in hand with disadvantages. Firstly, we cannot turn a blind eye to the viruses that often make a bad impact on our computers systems. Besides, we cannot turn a deaf ear to the fact that many hackers intrude upon our financial and personal

information on Internet. Now the conclusion is self-evident. The benefits of Internet outweigh its dangers. Actually, whether helpful or harmful, the trend that Internet will exert an important influence on our ways of thinking and life styles cannot be stopped. We need to make full use of the merits of Internet and minimize their demerits.
