I ran out of time to review all of my study materials but I was successful w/ 879. I allowed the clock to run out as I tried to review all of the marked questions. I did notice several wrong answers during the 10 mins comment section - but ... what can you do? I earned : Planning - 85%, Installation and Configuration - 88%, Connectivity - 100%, Monitoring and Optimization - 83%, Troubleshooting - 86%. I'll prepare a bit better next time. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
