You should write at least 150 words and base your composition on the outline ( given in Chinese ) below: 1、 当移居国外时，有人喜欢入乡随俗。 2、 有人喜欢坚持故乡风俗习惯。 3、 你的看法。 参考范文： Keeping Customs When people move to another country, they not only face a different environment and language, but also different customs. Some people choose to follow the customs of their adopted country, they may find that it helps them to adapt more quickly to the new society. They have something to discuss and share with their new neighbors, and sharing customs is one way for people to feel closer to one another. Thus, following the new customs may help immigrants feel more at home. It may also help them to see the positive things in their new environment and do forget their feelings of homesickness. On the other hand, some people choose to continue following their own customs may also find that it helps them feel more at home. There are many things to adjust to in another country, and following their traditional customs may help people feel more secure in the new surroundings. More importantly, our customs are a part of us. They are an expression of the culture that has shaped us. This is something that most of us would like to pass down to our children and share with others. To sum up, our customs have value and are an

important part of our culture. Therefore, I don't believe that we should abandon our traditional customs when we move to another country. At the same time, I believe that we should learn about the customs of our new home and follow those that appeal to us. In this way, we can remember and celebrate our old culture while adapting to our new one.
