习(23) Like the face, the features of the hand are tools of the fortune-teller. The key factors are the size and shape of the mounts, or raised parts of the palm, and the valleys between them. A palmist also looks at the shape of the fingertips and nails. Rounded fingertips, for instance, suggest a lively personality. 和脸一样，手的特征也是算命师的工具，其中的关键因素是“掌丘”，也就是手掌隆起的部分，以及介于之间的低陷部份的大小和形状。手相师也看指尖和指甲的形状。比如，指尖浑圆代表个性活泼。来源：考试大 公共英语PETS二级阅读复习(24)

In China, the pattern on a persons palm is only one of many clues to his or her destiny. To fortune-tellers, facial features are an indicator of personality and can be used to assess the persons prospects. Other methods of prediction include analyzing the characters and numbers in a persons name. 在中国，掌纹只是用来预测命运的线索之一。对算命师来说，脸部特征是一个人个性的表征，并可借此评估一个人的未来。其它的算命方法还包括分析名字的用字和笔画。相关推荐：2009年全国公共英语四级考试大纲概述 2009年全国公共英语三级考试大纲概述 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
