A person should never make an important decision alone, important decisions should be well thought out. People, who know you well, know what is best for you, and close to you can give you good advice, give you a different perspective, or share their own experience. When I had difficulty deciding which classes to take in collage, I talked to my teachers and advisors. they had the knowledge and expertise to help me determine which classes were the best ones to take for my future career.

Without their advice, I might have chosen unsuitable courses. In collage, I had convinced myself that I was not good enough to act in the school play. Therefore, I decided not to audition even though drama had always been my passion. The day of the audition, a friend of mine asked me why I was not auditioning. When I told her I did not feel I was good enough, she was shocked. She was able to provide me with another perspective on myself and my talents. I rethought my decision and tried out....and got a lead in the play. Last year when I was trying to decide whether or not I should study overseas, I talked to my friend. This was the best thing I could have done. This was a big decision for me because I had never been overseas on my own and I was not sure if I could do it. She had studied overseas the precious year. She told me about the challenges and opportunities I might encounter and helped me make the right decision. I went and it was amazing. Whenever I am faced with an important decision, I

seek advice from others so that I am well-informed and have the benefit of their perspective and experience. 相关阅读：专八写作背诵范文第1篇 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
