"When people succeed, it is because of hard work. Luck has nothing to do with success." Do you agree or disagree with the quotation above? Use specific reasons and examples to explain your position. 【范文】

The Role of Luck in Success It has been said that when people succeed, it is because of hard work and that luck has nothing to do with success. Although I believe that hard work is very important and is the surest way to success for most people, I must disagree with this statement. It cannot be denied that luck often plays an important role in success. For example, many important discoveries have been made by accident. There have been many cases of researchers and inventors making major breakthroughs while they were actually trying to solve another problem or create a different device.

Furthermore, there is something to be said for simply being in the right place at the right time-perhaps meeting someone by chance who can offer a good job or rare opportunity. And of course, there are the rare examples of gamblers and lottery winners who beat the odds and achieve sudden and unexpected success. While the influence of luck cannot be ignored, this is not to say that one should depend on it and ignore the value of hard work. If one is willing to work hard, I believe that success will eventually be achieved, with or without the added benefit of luck. Moreover, hard work is often an essential ingredient of luck because it enables one to take advantage

of a lucky encounter. If the scientist has not worked hard to develop his knowledge and skills, he may not recognize that lucky breakthrough when it comes along. Therefore, my suggestion is not to count on luck to bring you success. Instead, work hard and keep your eyes open for that lucky opportunity. 100Test 下载频道开通, 各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
