The research and development activities are conducted at its headquarters. The Purpose of this report is to provide you with financial data necessary to make your investment decisions and to offer my recommendations. Findings Kellogg Company commands 42% of the ready-to-eat cereal market. It is attempting to expand its market

share by using advertising campaigns. Although its sales strategy still puts cereal first, Kellogg is responding to the challenges to its traditional business by undertaking a cautious diversification program involving the technology of frozen foods. In 2003, sales went up by 16% to \$4.5 billion compared with \$3.78 billion the previous year. This is the thirty-sixth consecutive year that sales have increased. Earnings rose by 14% to \$348 million compared with \$2.89 million the previous year. Conclusions and Recommendations The company's financial position is clearly very strong. It has experienced a steady growth in both sales and earnings. It is my opinion, therefore, that buying Kellogg Company's stock would be a very wise investment. 100Test 下载频道开通,各类考试题目直接下载。详细请访问 www.100test.com
