Of course, you should never choose a major just for the money. If you don't enjoy the work, then all that money will never equal the dissatisfaction you have for your job。 Luckily, there are many majors in numerous fields of studies to choose from that will pay high starting salaries to recent graduates. According to the National Association of Colleges and Employers (NACE), here are the 10 top paying degrees and their starting salaries (as of 2008) : 1. Chemical Engineering (\$59,218)/化工(约405000人民币) 我要收藏 2. Electrical Engineering (\$55,333)/电子工程(约378000人民币) 3. Mechanical Engineering (\$54,057)/机械工程(约369000人民币) 4.
