Modern Chinese history leads us to the conclusion that socialism, not capitalism is best for China. But how a socialist China should look at capitalism and more importantly, make use of the better side of capitalism for its own advantage is of vital(至关) importance to the country.百考试题 - 全国最大教育类网站(www . Examda. com) As far as our countrys economic construction is concerned, taking advantage of the part of capitalism that is useful to us means we need to develop foreign trade, introduce advanced technology and better management, and make use of foreign funds. It also means we can absorb some of the economic theories, and make use of those economic policies, methods and measures that comply with(遵循) the law of mass production and a commodity economy. By opening our windows wider to the outside world, people can learn more about other peoples and learn to make sensible judgments. Absorbing the better part of the cultures of other people to enrich ourselves is the best way to safeguard our socialist culture. So taking advantage of capitalism and stepping up economic reforms is the only way to make China strong. Closing the county to international exchanges will only keep it weak. 相关推荐：大学英语四级考试写作指导四方谈 英语四级英译汉的目的,要求和评分 100Test 下载频道开通，各类考试题目直接下载。详细请访问
