What do we mean by a perfect English pronunciation? In one
__71__ there are as many different kinds of English as there are
speakers of it. __72__ two speakers speak in exactly the same
__73__, we can always hear differences __74__ them, and the
pronunciation of English __75__ a great deal in different
geographical __76__ How do we decide what sort of English to use
as a __77__ This is not a question that can be __78__ in the same.
Way for all foreign learners of English __79__ you live in a part of the
world, __80__ India or West Africa, where there is a long __81__ of
speaking English for general communication purposes, you should
__82__ to acquire a good variety of the pronunciation of this area. It
would be a __83__ in these circumstances to use as a model BBC
English or __84__ of the sort. On the other hand, if you live in a
country __85__ there is no traditional use of English, you must take
__86__ your model some form of __87__ English pronunciation. It
does not __88__ very much which form you choose. The most
__89__ way is to take as your model the sort of English you can
__90__ most often. 71. A) meaning B) case采集者退散 C) sense D)
