Actually, it has become so widespread that it has severely affected people ' s daily life and hindered the development of the global economy. A number of factors could account for the problem, but the following might be the critical ones. First, with the development of agriculture and industry, an increasing amount of water is needed. Secondly, the ever-increasing population is another leading cause of water shortage. Besides, the global tendency of warming up also contributes to the problem. What ' s worse, pollution and waste of fresh water aggravate the situation. In view of the seriousness of the problem, effective measures must be taken before things get worse. First, it is essential that laws and regulations be worked out and enforced to protect water resources. Secondly, people should enhance their awareness of saving water. With these measures taken, it is reasonable for us to expect a brighter future. 二

Some time ago, it was reported that some college graduates chose to work as village officials. To this, people ' s attitudes differ sharply. Some hold the positive view while others are against it. As far as I am concerned, I believe that it is a wise choice. On the one hand, college graduates can contribute a lot to the development of the countryside. First, they can apply their professional knowledge there. Secondly, they can introduce new concepts to the countryside and speed the development of rural culture. As a result, the gap between the city and the countryside can well be bridged. On the other hand, these graduates can benefit a lot from working as village officials. While too many college graduates are fighting for the handful of positions in big cities, these graduates can find themselves a wider stage of development and realize their value. Therefore, college graduates working as village officials is a win-win choice and more graduates should be encouraged to work in the countryside. 三、信件类

Directions: Write a letter of complaint according to the following situation: You bought an air conditioner in Sun Appliance and had it installed the other day, but you found that the fan made too much noise when the machine operated. You demand the store to send a representative to check it up. You should write at least 150 words. Do

not sign your own name at the end of the letter. use Li Ming instead. You do not need to write the address. Dear Sir or Madam, I ' m writing to lodge the complaint about the poor quality of an air conditioner that I purchased from Sun Appliance Company. Frankly speaking, Sun Appliance has always been my favorite. On April 4, 2007, I bought the air conditioner (serial number 12345) from one of your chain store located in Lang Fang. The machine operated well at first, but ten days later, there was a fault that bothered me, that is, the fan made so much noise that I could not sleep well at night. Worse still, the cooling system didn ' t work well and the machine began to leak recently. Its poor quality ruined almost all my previous impression toward your products. I strongly suggest that a repairman or a service engineer should be sent to my home without delay. I wonder if you could pinpoint the exact cause of the malfunction as soon as possible. If you can ' t, I am afraid that I will request for full amount of refund or a new air conditioner. I would appreciate all your assistance in this matter. If you have any questions, please don ' t hesitate to contact me. Look forward to your reply. Yours

Sincerely, Li Ming 相关推荐：09年12月四六级预测模拟题及答案解析汇总 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
