Campus In recent years, getting a certificate has become a new craze among college students. Just randomly ask a student on campus what he or she is busy doing. quite possibly, you may get the answer that he or she is preparing for a certificate of some kind. Why does this craze appear? There are mainly two reasons behind this phenomenon. First, it is the employment pressure that forces college students to get more certificates. With the admission expansion of colleges, a lot more graduates have to face the fierce competition in the job market. How can one make himself more competitive? More certificates at hand, maybe. Second, diploma and certificates are still important standards by which many employers measure a person's ability. In order to increase the qualifications for a job, the students compel themselves to run from one exam to another. From my point of view, we should be more rational when it comes to certificates, since certificates do not necessarily prove one's ability. Being crazy in getting certifications blindly is nothing but wasting time. To conclude, we should focus on improving our ability but not getting a certificate of no practical value. 相关推荐：>2011年四六级写作句子模板和套句 >名师推荐2011六级写作满分表达句 100Test 下载频道开通，各类考试题目直接下载。详细请访
