。作文题目：现在许多人热衷于各类证书考试 其目的各不相同 在我看来 范文： In recent years, to get a certificate has become a new craze among college students. Just randomly, ask a student on campus what he or she is busy doing, quite possibly, you may get the answer that he or she is preparing for a certificate of some kind. Why does this craze appear? There are two mainly reasons behind this phenomenon. First, it is the employments pressure that forces college students to get more certificates. With the admission expansion of colleges, a large more graduates have to face the fierce competition in the job markets. How can one make himself more competitive, more certificates at hands maybe. Second, the diplomas and certificates are still important standard by which many employers measure a person ' s ability in order to increase qualification for a job, the students compel themselves to run from one exam to another. Form my point of view, we should be more rational when it comes to certificates, since certificates do not necessarily prove one ' s ability, being crazy in getting certificates blindly. It is nothing but wasting time. To conclude, we should focus on improving our ability but not getting a certificate of no practical value 快速阅读 1.The low 2.its increased
