Reports are often heard about deaths and injuries resulting from drunk driving. Actually, the phenomenon has been so widespread that it has caused nationwide concern. A number of factors might have led to this problem, but the following are the critical ones. First, as a nation known for wine and drinking, Chinese have the custom of urging guests to drink more and regard it as a sign of hospitality. Some even encourage drivers to drink. Secondly, the boom of Chinese economy in the past decades has brought along a sharp increase in the number of private cars in this country. However, many drivers are not fully aware of the danger of driving after drinking. Last but not least, laws and regulations regarding drunk driving were not severe enough in the past. To our relief, we can see pertinent laws and regulations have been worked out and enforced to punish those who drive after drinking. However, I believe that more can be done to eliminate drunk driving. For one thing, severer laws can be made and put into effect. For another, the public should be educated about the harmfulness of drunk driving and the importance of traffic safety. 相关推荐：bec英文写作常见同义词汇汇总 BEC商务英语中级写作需掌握的70个关键句型 BEC商务英语写作50句通用语句 100Test 下载频道开通，各类考试题目直接下载。详细请访问
