自我介绍 I am a primary school teacher. I teach my pupils how to use computer. My work allows students to learn more knowledge of computer. And students and I play together every day. But my job is very busy. And I always worry about subject achievement of my students I teach. 周末活动 At the weekend or holiday, I always go on a tour. I think each journey can improve myself in all aspects. 未来计划 I will improve my teaching skill, which is my future plan. Thus I will be able to let many students learn more knowledge from me. 关于独自住还是和父母住 I think children can live with their parents. The parents can help their children when we meet with any difficulties. 口试：1. 看图（小女孩骑在疲惫的爸爸背上） We can see from the picture that a girl is playing happily on her tired father's back under the cruel sunlight. I think this phenomenon is associated with family's education. At present, Our parents seriously dote on their child just due to only one child. It's incorrect to dote on the child like the father. Respecting the older and caring about each other is crucial character to the child. Our parents should educate their child from trifles. 2. 书店买书 We can see from the pictures that the child goes to bookstore and says in surprise: "so many reference books". What the child says has revealed/shown the current situation of education. The reference books are sold everywhere from the bookstore to the school. It is abnormal that the students pay more

attention to the reference books but neglect the main textbooks. I suggest that declining some reference book is necessary for our students to correctly study knowledge. 3. 孩子要买NIKE鞋 We can see from the pictures that the young boy wants his mother to buy NIKE shoes for him, which reflects the trend of comparison between the children. Being lack of adequate funds, the children entirely depend on their parents. On the other hand, currently, the main task of the children is to study. The children should learn to remain economical in life. 相关推荐：#0000ff>2011年pets3口语指导每日一练汇总 #0000ff>2011年pets3口语考试partB制胜攻略汇总 #0000ff>公共英语辅导：三级口语常考问题与回答汇总 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
