Fire-Fighting Fabric Each year thousands of people worldwide are killed or seriously injured by fires started in mattresses. 46 . To help prevent fires in crowded public spaces, E. I. Du Pont de Nemours & Co. recently invented a fireresistant fabric(防火织物). The company claims that this fabric significantly reduces the combustibility(易燃性) of mattresses and upholstered(装有套子或垫子的)furniture. In tests conducted by a Boston-based hotel chain, the material has proved very efficient in preventing or delaying the combustion of mattresses and furniture after fires have been started. 47 . California and several other states are considering new regulations that would require the use of fire-resistant furniture in public places (defined as area where 10 or more people gather). 48 . American laws require hotels to buy fire-resistant mattress covers, though covers made of fiber glass(纤维玻璃) and cotton do exist and are used by some companies. 49 .采集者退散 The Du Pont fabric will sell for less than \$5 a yard and it is believed that the market will develop over the next two years. 50 . A The development of the material is timely B And last year, England passed a law requiring that all furniture contain fineresistant material C The company expects that the competition will be very strong in the market because right now, its product is just one option D And there are some expects来源：考试大的美女编辑们 E Often the fires occur in hotels, and

are caused by people smoking in bed F However, the cotton covers wash out over time and the fiber glass is not very comfortable 相关推荐：2010年职称英语理工类完型填空练习汇总 2010年全国职称英语考试六大题型复习攻略 100Test 下载频道开通，各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
