Some college graduates choose to work as village officials. 1、 Do you think it is a good idea? 2、 What can they offer the countryside? 3、 What can they gain from their village positions? 范文： College Graduates Work as Village Officials There is no denying the fact that it is a hotly debated topic today how college graduates should choose their careers. Some time ago, it was reported that some college graduates chose to work as village officials. To this peoples attitudes differ sharply. Some hold the positive view while others are against it. As far as I am concerned, I believe that it is a wise choice. On the one hand, college graduates can contribute a lot to the development of the countryside. First, they can apply their professional knowledge there. Secondly, they can introduce new concepts to the countryside and speed the development of rural culture. As a result, the gap between the city and the countryside can well be bridged. On the other hand, these graduates can benefit a lot from working as village officials. While too many college graduates are fighting for the handful of positions in big cities, these graduates can find themselves a wider stage of development and realize their value. Therefore, college graduates

working as village officials is a win-win choice and more graduates should be encouraged to work in the countryside. Notes: village official: 村官 win-win: 双赢的 相关推荐：专四写作范文系列汇总 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
