英语专业八级考试翻译真题汇总 2002年E-C：The word

“winner” and “loser” have many meanings. When they refer to a person as a winner, we do not mean one who makes some else lose. To us, a winner is one who responds authentically by being credible, trustworthy, responsive, and genien, both as an individual and as a member of a society. Winners do not decide their lives to a concept of what they imagine they should be. rather, they are themselves and so much do not use their energy putting on a performance, maintaining pretence(伪装) and manipulating (操纵) others.

They are aware that there is a difference between being loving and acting loving, between being stupid and acting stupid, between being knowledgeable and acting knowledgeable. Winners do not need to hide behind a mask. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
