The Chinese government regards environmental protection as a basic national policy. Environmental protection not only has a bearing on the overall situation of China ' s modernization drive and its long-term development, but also constitutes an undertaking which will benefit the Chinese people of today and their descendents. Sticking to environmental protection as a basic national policy, Chinese government has deeply implemented sustainable strategies for development. Adhering to the principle of comprehensive control with the emphasis on prevention, entire push-on with breakthroughs in key areas, Chinese government has made great efforts to solve

those striking environmental problems threatening people ' s health. It has persisted in institutional innovation, relied on technological advances, strengthened the role of law in environmental protection and brought into full play the initiative of various sectors of the society. Thanks to the achievements in our environmental protection, the trend toward aggravated environmental pollution and ecological destruction has slowed down, pollution control in some river basins has achieved some initial success, the environmental quality of some cities and regions has improved to some extent, and the extent of pollution discharge of industrial products has lessened. 相关推荐：>2011年翻译资格考试英汉互译练习汇总 >2010年中级笔译考试辅导：十秒钟翻译训练汇总 编辑推荐：>2010年下半年口译笔译考试成绩查询 >2010年下半年翻译资格（水平）考试试题及答案首发 >2011年二、三级翻译专业资格(水平)考试时间安排 >2011年二、三级翻译专业资格(水平)考试考试报名时间通知 更多相关信息：>口译笔译考后交流空间，>口译笔译考试辅导！100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
