Work I: What do you know about our major products and our share of the market? C: Your major products are gas apparatus. Theyre mostly marketed at home and some of them are exported to the

Southeast Asian countries. Particularly your water-heaters of Shenzhou Brand have sold Very well both at home and abroad. / So

far as I know, your company mainly produces such shampoos as Rejoice 2-in-1. Head and Shoulders, and Pantene. They are very

popular with women and have a large market throughout China. / As one of the leading producers in the field of electric appliances,

your company chiefly manufactures refrigerators of Rongsheng Brand and air-conditioners of Kelon Braad. These products are of good quality and have the lions share of the domestic market and a part of them have found their way into the international market. I:

Tell me what you know about our company. C: All right. Your company is a Sino-American joint venture. Your head office is in the U. S. A. . There are a lot of subsidiary companies all over the world.

You mainly make beauty products which sell well. / As is well known to everybody, McDonalds is a world famous food corporation, which has many chain stores in more than one hundred countries.

And your company is one of its subsidiaries in China. You manage McDonalds fast food that is warmly welcomed by a large number of people. I think Ill have a bright future if hired by your company. / To

the best of my knowledge, your factory was originally a small workshop set up in 1978. At that time you had only over ten workers who made some farm tools. After more than ten years of hard work, you have developed into a large enterprise with nearly one thousand technicians and workers. Now your factory produces aluminium materials and your yearly output value has reached as much as over one billion yuan. What a wonder you have done!

I: What companies are stockholders in this company, do you know? / Do you know who is the investor of this company? C: Yes, the main stockholder is International Business Machines Corporation, namely, IBM for short. / Yes, Mr. Yingdong Huo, a celebrity in Hong Kong, is the investor of your hotel.

I: What section would you like to work in if you enter this company? C: I'd like to work in the import section. / If possible, I'd like you to try me in the export section. / I'd rather work in the business department if choices may be given. / I wish to work in the planning department. 我要收藏

I: What type of work will you expect to do at first? C: I expect to operate computers. / I wish to do the accounting. / I want to design the corporate identity. / I hope to involve myself in package designs. / I'd like to be a FX (foreign exchange) settlement clerk.

I: What are your plans for the future? C: Now I start with an entry-level secretarial position and hope to become an administrative assistant in a few years time. / I wish to move up to higher positions with acquisition of more experience in the future. / I'd like to continue working as long as I can. Its becoming more and more common among young couples for both husband and wife to work, and I think that Chinese men will be

helping more with the household chores, the way they do in America. I: How long does it take to get here from your home? C: It takes about 35 minutes by bike. / Its a twenty-minute bus ride. / It takes only a quarter by motorcycle. / Its only ten minutes walk. / It takes one hour and-ten minutes. I: Thats quite a way. Are you planning to find boarding house nearby, or do you have relatives you can stay with? C: I have an uncle living about one kilometers from here, so Im planning to stay with him for a while. / Im pretty strong. There is no problem for me to be punctual for work though I have to travel that far. I: How long do you think that we can depend on your working here? C: At least five years. / Ill work here until I get married. / If I enjoy the job and I feel I am making progress in the work, I would stay until I reach the age limit. / Ill work here as long as you expect me to. I: You are single now, but what will you do when you get married? C: Ive thought about that a lot. I know that many women take a job, planning to make a career of it, and then they change their mind. But I am hoping to make it my lifetime work. So if I get married, I will find some way that I can continue my work. I: Do you think you will want to continue working here even after youve had a child? C: I think so. / Well, thats something a long time in the future. I dont know what my thinking will be then. / As a man, there is no problem for me to continue working here even after I become a father. I: What ideas do you have if we employ you? C: Ive wanted to be involved in engineering ever since I was a little boy. If I pass this interview and am accepted into your company, I want to contribute whatever I can to improving technology and building

better ships. I want to be professional in my field. / Ever since I was a young girl, Ive been clever with my hands. Ive always enjoyed doing detailed work. If I could use that ability to make your products a little better and to benefit the company, I would be happy. I: Do you have any particular conditions that you would like the company to take into consideration? C: No, nothing in particular. / Yes, I cant work on the night shift because I have to look after my little child at night.
