1、为什么新托福考试包含口语部分？ The focus of the TOEFL iBT is on communicative competence and tests your ability to use English to communicate effectively in an academic setting. Speaking is a key communication skill, along with listening, reading, and writing, and has an important place in the TOEFL iBT assessment。 2、为什么新托福口语中的一些部分的答案是建立在阅读和听力文章基础上的？

Speaking tasks that combine reading and/or listening passages with speaking are called integrated tasks. They are included in the TOEFL iBT in recognition of the fact that to succeed academically in English-speaking colleges and universities, students need to be able to combine all their English-language skills in reading, listening, and speaking, as well as writing inside and outside the classroom。 3、在新托福口语部分中我要做多少阅读和听力工作？ The reading and listening passages that are associated with the integrated tasks vary in length but are all quite brief. Reading passages range from approximately 75 to 100 words, and the listening passages are generally between 60 and 90 seconds long. In addition to being short, the listening and reading passages are not intended to be difficult.

They are designed to provide you with clear and accessible information
