In recent years, floods of parents are willing to make arrangements and decisions for their children. And there ' s no denying that majority of children take their parents ' concerns for granted. According to statistics, over 80% of parents still accompany their children to the universities, even the examinations. In this essay, I will discuss the measures that should be taken to help students be independent and offer my view on it. First and foremost, parents should abandon the stereotyped role in Chinese parenting and render their children free to the fascinating world. Besides, we, the children themselves, should manage our own daily stuffs. In addition, the society should set up more courses and camps for children to cultivate their capability to be independent. As far as I ' m concerned, the all-covering parenting method may give rise to severe consequences, and a spoiled child won ' t be competitive in this world full of the fierce competitions. Thus, the whole society should attach great importance to this problem and make our contribution to avoid this. 2010年12月英语四级考试真题及答案汇总科目#0000ff>听力#0000ff>快速阅读#0000ff>写作#0000ff>仔细阅读#0000ff>完型填空#0000ff>翻
