We all know there are times that kids seem to complain _____ (51) a stomachache to get out of chores(零星活儿) or going to school. Dont be so sure that the pain they _____ (52) is all in their minds. Were learning more now about a condition _____ (53) "functional abdominal pain" that is experienced by millions of kids every day. Like many teenagers, Kyle Brust makes it a point to do his homework as (54) as he gets home. Unlike most, Kyle often did this with a terrible stomachache. In fact, the _____ (55) often started while he was at school, but getting help there was getting harder. "Some of my teachers wouldnt let me go, because Id asked so many times before and they thought I was trying to get out of _____ (56)," says Kyle. Kyles mom Marilyn says she couldnt blame the _____ (57). After all, shed taken him to the doctor several times herself, and even they couldnt find anything _____ (58). "You know, youre running the tests and nothings coming up. So, is it in his head, is he just an extremely stressful child? Its just frustrating _____ (59) were not finding any answers," says Marilyn. It turns out Kyle was suffering from a condition known _____ (60) functional

abdominal pain, that affects as many as one out of every ten kids in this country. Even _____ (61) the cause of the pain may not be obvious, there are real consequences. "It really does hurt, and these kids really do suffer," says Dr. Campo, MD at Nationwide Childrens Hospital. To help _____ (62), Campo is looking into a new approach. Hes conducting clinical trials of an antidepressant (抗抑郁药) that changes the way the body handles a chemical called serotonin (血清素). In a preliminary study, Dr. Campo found that in about eight out of ten _____ (63), the drug normally used to treat emotional pain worked to ease the pain in the _____ (64). "We think about it as being important in anxiety and depression and thats all quite true, but whats really interesting is that 95% of our bodys serotonin is in our gut," says Campo. Campo believes these kids have extremely sensitive intestines(肠), and controlling the effects of serotonin may _____(65)ease the pain. It seemed to work for Kyle, who is now completely pain free for the first time in years.
