分 British holidaying habits In the late 1970s, air travel became affordable for the average family in the UK, and more people started travelling abroad for their summer holidays. After all, the British weather wasn't very good, even in summer, so a lot of people left the country for a vacation. In the 1980s and 1990s, young people in the UK became wealthier on average. As a result, they started to go abroad in groups, to places such as Spain and Greece. Once they arrived at their destination, they met with other groups of young people and had one long party.
