It's just that, in the past, they have lacked confidence or opportunity to stray. 一项新的学术研究表明，女性在本性上并不比男人更加坚贞。只是在过去，她们缺少“学坏”的信心或者机会。 Like men, women are finding that power is a potent aphrodisiac, and they are giving in to the thrill of illicit lunchtime assignations and the sheer excitement that accompanies their transgression. 像男人一样，女性觉得权力就像强有力的春药一样，她们也对不正当的暧昧感到难以抗拒，并在越轨中万分兴奋。 Nor do they feel any more guilty or ashamed about it than a man would. 她们同样不会比男人感到更多的负罪感和愧疚。 The results showed a link between power and infidelity, regardless of gender. The strongest predictors are not moral belief, but power and opportunity. 研究结

果显示出权力和不忠存在不以性别区分的联系。首要因素不是道德信仰而是权力和机会。相关推荐：#0000ff>职场揭秘：女性为何总成不了社会精英 #0000ff>职场双语：做温柔小女人是职场女人晋升的法宝 #0000ff>职场双语：如果金融界由女人来掌管 #0000ff>研究：中国女性比美国女性更具野心
