第二季第十五集【剧情介绍】 Leonard的妈妈Beverly来了,让他很是痛苦,相反Sheldon与Beverly相处很融洽,大概是同类相吸吧. BEVERLY:Your scan data will be very helpful to my

research.You have a remarkable brain. SHELDON: I

know.Although I ' ve always hated how my right frontal lobe looks in pictures. BEVERLY: Common complaint among men. Nothing

' s ever big enough. Except when they get a tumor. Then you never hear the end of it. SHELDON: I ' d love to a scan of your brain

sometime. BEVERLY: Oh,I ' ll send you a link,but its physiology is fairly unimpressive. SHELDON: Oh,I can ' t believe that.

BEVERLY: Your unwillingness to accept empirical evidence suggests an attempt at flattery. SHELDON: My apologies. I ' ve been living

with your son too long. Gotten into some bad habits. BEVERLY: Understandable. SHELDON: Can I make you a cup of tea?

BEVERLY: I doubt it,but if anyone has a chance,it ' s probably you. I feel very comfortable around you. SHELDON: I feel very

comfortable around you,too. It ' s surprising because I generally don ' t feel comfortable around,well,anyone. BEVERLY: Nor I.

SHELDON: What are the odds that two individuals as unique as ourselves would be connectedly someone as comparatively

workaday as your son? BEVERLY: Is that a rhetorical pointor would you like to do the math? SHELDON: I ' d like to do the math.

BEVERLY: I ' d like that,too. 【口语讲解】 1frontal lobe大脑额叶 2you never hear the end of it(你就会听到)没完没了的抱怨 3empirical evidence实验性证据,经验上的证据 4an attempt at 有...的企图 5Nor I我也是 6workaday工作日的,也有“平凡的,普通的”意思 更多推荐：#0000ff>看生活大爆炸学英语：你是真英雄啊! #0000ff>看生活大爆炸学英语：你的回答简直太闹心了 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
