https://www.100test.com/kao_ti2020/85/2021_2022_MyExperien_c52_85609.htm These days, I have heard lots of criticisms about ACCA:Some people complained its high level expenses. some people said that it was too hard to pass. But on the contrary, I also heard some people expressed that the courses were too easy and was not worthy to learn.I write down my experiences and true feelings, hope it could be helpful to the people like me who want to learn and could encourage my ACCA classmates, also all of the potentials.I have been working in the foreign company for several years and have no time to prepare my exam during the day time. At night, I must take care of my baby. So, actually, I don ' t have enough time to prepare the examination. Therefore, the learning skill and efficiency are extremely important for me. Till now, I have past 2.4, 2.5, 2.6, 3.1 and 3.3 without any failure. I want to say that ACCA is not so hard but it is useful and practical for me.My history:I heard ACCA for the first time in 1999. At that time, I just graduated from the university and joined a JV, worked as a cost accountant. My first manager was an ACCA member and my colleagues told me that ACCA was very famous but was hard to pass. She earned 8K RMB per month in 1999 when she was 28 years old. In 2003, I got the CICPA license and wanted to make a decision between MBA course and ACCA. Finally I chose ACCA to further enhance my professional and English level. Certainly, the cost was also one of the considerations. In Dec., 2004, when my baby was 6 month, I tried ACCA firstly, 2.4, Financial

Management and Control: I spent relatively more time in this subject compared with others since it was my first one. Reading text book costed me lots of time but it didn't have direct contribution to pass the exam. For 2.4, the first question is crucial. You should pay your attention on practice, especially the first question. The investment appraisal skill is valuable. It is a basis that you should know to be a good finance manager or finance director nowadays. 2.5 Financial Reporting #61548. Plan you career first and then choose the right course which could help you to realize your goal. Since I work in foreign company, so based on my own feeling, ACCA courses have positive impact on my job. #61548. If you think ACCA course is good to your career, then just learn it. ACCA exams are not very difficult to pass because its marking rule and its regularity. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
